

FACILITY & EQUIPMENT GUIDE

See where your people will be cared for.

15-20

Waiting-area capacity

Welkom

Clinic location

07:00-16:00

Monday-Friday

Medical examinations and screening take place at our Welkom clinic. Employers can coordinate group bookings with a nominated contact; individuals can arrange their own visits. After-hours and weekend appointments are available by prior arrangement.

Address: 2 Louis Rossouw Boulevard Street, Riebeeckstad, Welkom, Free State.

SPECIALISED SCREENING

Equipment for role-relevant assessments.

Audiometry booth

Dedicated space and headphones for hearing screening.

Spirometry system

Equipment supporting occupational lung-function screening.

Vision screener

Specialised vision screening for work-related assessments.

Vital-signs monitor

Routine physiological observations during a medical.

The required screening package is confirmed according to the occupation, exposure profile and clinical requirements. Photographs have been enhanced for presentation.

GENERAL CLINICAL CAPABILITY

Prepared for your clinic visit.

Scale & stadiometer

Height and weight measurement.

Portable screening tools

Baseline clinical observations.

Examination area

Couch and clinical instruments.

Screening consumables

Used where clinically indicated.
